DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-16 are rejected under 35 U.S.C. 102(b) as being anticipated by Shillington (U.S. Patent No. 5,862,530). Shillington discloses in Figures 1-5 a protective eyewear comprising elements as recited in these claims including a frame (5), a visor (10), and detachable lens (45). Figures 1 and 2 illustrate detents (40) appropriately located on rim of visor such that they would receive corresponding holes (40a) in the lens (45). The Shillington device, as presented, is capable of performing the steps as recited in the method claims. With regards to claim 6, the visor (10) extend inwardly from the frame (5) along both corners thereof.

Claims 1-4, 6-16 are rejected under 35 U.S.C. 102(b) as being anticipated by Gazzara (U.S. Patent No. 6,481,845). Gazzara discloses in Figures 1-11 an eyewear (10) with detachable lens comprising elements as recited in these claims including a frame portion (14), lens portions (12), projections (18). Figures 2 and 3 depict the lens portion attached to the frame (14) by bulbous ends (35) into the fastening apertures (38).
